

How To:

Apply 0.50" of water to your landscape.

(Using a typical sprinkler system with **SPRAY** heads)

Set your sprinkler system controller to water each zone for **6** minutes for four consecutive watering cycles on your Trash Day. See the example sprinkler system schedule below.

YOUR TRASH DAY

	Zone 1	Zone 2	Zone 3	Zone 4	Total Run Time
WATERING CYCLE #1 7:00 p.m.	6 minutes	6 minutes	6 minutes	6 minutes	24 minutes
WATERING CYCLE #2 8:00 p.m.	6 minutes	6 minutes	6 minutes	6 minutes	24 minutes
WATERING CYCLE #3 9:00 p.m.	6 minutes	6 minutes	6 minutes	6 minutes	24 minutes
WATERING CYCLE #4 10:00 p.m.	6 minutes	6 minutes	6 minutes	6 minutes	24 minutes
NOTE: Your Total Trash Day Run Time	24 minutes	24 minutes	24 minutes	24 minutes	96 minutes

Note: For sprinkler systems that use rotor heads, watering run times per cycle should be decreased as necessary. Call for a free Irrigation Check-Up if you need assistance, 972-292-5800.
